

India

4/8/44

Hello Folks

Many thanks for the swell letter you sent me dated Dec. 8. and even tho it was old it was swell reading. I have been on the go so much that my mail never seems to catch up with me. I have a new address now and I hope it will be mine for a little while but one never knows. I am stationed in the jungles of India and it sure is alone. We have no town to go to so spend seven days a week working. We sure are busy and have to work all hours. These letters you send are sure swell and I look forward to them as they bring me out of India and back to the states for the short

period that I read them. I sure
do hope that this mess gets over
with in a hurry as I have a lot
of things to do back home and of
which I will never complain about
for after seeing the rest of the world
the states is heaven. Well I must
close now but will write again
later.

Carl Lindquist

P.S. That 10 to 1 ratio of girls sure sounds
interesting as women here are only found in
magazines.
